Radiologic Technology Class Program

Class of 2018

Radiology Technology Pinning Ceremony

Tuesday, May 15, 2018

5:30 P.M.

Roxbury Community College

1234 Columbus Avenue

Roxbury Crossing, Massachusetts

Division of Professional Studies Radiologic Technology

The Radiologic Technologist uses cutting-edge imaging technology to visualize the various parts of the human body. Radiologic Technologists use their knowledge in anatomy, patient positioning, examination techniques, as well as, equipment protocols, radiation safety and protection to acquire the information. The images acquired help physicians to diagnose and treat illnesses or injuries with great accuracy.. These acquired skills and knowledge coupled with their clinical experience in top Boston hospitals put them at the for front in a competative radiology field.

Radiologic Technology Program Mission Statement

The Radiologic Technology Program prepares students for evidence-based practice in a rapidly changing, diverse healthcare environment supported by quality clinical facilities and a strong ore curriculum in general education
